Staff Handbook-Feiwei Shui

Please fill out and submit one table per person.

Name	Fevishui		
Post	Professor of Civil Engineering		
Academic career	Doctorate (subject)	Institution	Year
	engineering mechanics	Kunming University of Science and Technology	2013
	Master degree (subject)	Institution	Year
	civil engineering	Institute of Engineering Mechanics, China	1989
	Undergraduate degree (subject)	Earthquake Administration	Year
	civil engineering	Institution	1986
		University Of Chongqing	
Employment	Head of civil engineering discipline	Yunnan College of Business Management	Since 2021
Research and development projects over the last 5 years	In March 2023, the research and practice of the "One Axis, Two Drives, Multi-Dimensional Synergy" talent cultivation model in civil engineering was awarded the Second Prize of Yunnan Province Graduate Teaching Achievement Award.		
Industry collaborations over the last 5 years	2023.8-2023.12, Enterprise Commissioned Project: "Numerical Analysis of Shallow-buried Torsionally Loaded Soil Layer Tunnels in Zengjiayan, Chongqing"		
	2021.1-2021.5, Enterprise Entrusted Project: "Numerical Analysis of Impact of Kunming Bo Cui Yuan Construction Project on Niulanjiang-Dianchi Reservoir Water Supply Tunnel"		
Patents and proprietary rights	Invention Patent: "A Gravel Asphalt Mix and Its Preparation Method" (Patent No.: ZL 2021 1 1037762.5, filed on September 13,2022)		
Important publications over the last 5 years	give total number :3		
	2023, Fei Weishui, Optimization of Excavation Methods for Tunnels with Small Net Spacing and Bias Voltage, Transportation Science and Engineering, Vol.39, No.1, pp.68-76;		
	Fei Weishui, Analysis of Force Characteristics of Linings Under Hollow Defects, Industrial Safety and Environmental Protection, Vol.48, No.10, pp.26-31		
	2022, Fei Weishui, Research on Support and Anchorage Parameter Optimization for High Slopes, Construction Technology (Chinese and English), Vol.51, No.15, pp.78-83		

<p>Activities in specialist bodies over the last 5 years</p>	<p>Member of the Teaching Steering Group for Urban Underground Space Engineering, Ministry of Education (2018-2022);</p> <p>Chairman of the Teaching Steering Committee for Engineering Management and Cost Estimation, Yunnan Province (2018-2022);</p> <p>Secretary General of Yunnan Provincial Division of National College Students Structural Design Competition (2015-2022)</p>
--	--

Staff Handbook-Wang Jianying

Please fill out and submit one table per person.

Name	Wang Jianying		
Post	Professor of Engineering Surveying		
Academic career	Master degree (subject)	Institution	Year
	Environmental engineering	Kunming University of Science and Technology	2007
	Undergraduate degree (subject)	Institution	Year
Surveying and Mapping Engineering	Henan Polytechnic University	2003	
Employment	Full-time teachers	Yunnan College of Business Management	Since 2008
Research and development projects over the last 5 years	<p>China Adult Education Association project: Research on the Service of Higher Education Continuing Education to Rural Community Construction under the Perspective of Rural Revitalization, 2025 to present;</p> <p>Department-level Quality Project: "Engineering Surveying" was approved as a first-class course in Yunnan Province (April 2024).</p> <p>University-level educational reform initiative: The research project "PDCA-based Integrated Theory-Practice Engineering Assessment for Classroom Teaching Reform" was approved in February 2024.</p> <p>University-level teaching reform project: The virtual teaching and research office project "Virtual Teaching and Research Office for Civil Engineering and Architecture" was approved by the university in February 2024.</p> <p>University-level teaching reform project: "Engineering Surveying" university-level ideological and political demonstration course (November 2022), passed the acceptance in December 2024.</p>		
Industry collaborations over the last 5 years	Dali Prefecture Shanshiping Party Cadres Education and Training Field Teaching Site Construction Project-Publicity and Education Center and Four-in-One Project, Partner: Yunnan Tingrun Project Management Co., Ltd.		
Patents and proprietary rights	Excavation Pit Automation Deformation Monitoring System V1.0, 2023		
Important publications over the last 5 years	<p>give total number :1</p> <p>Wang Jianying, Huang Dewu. A high-sampling-rate dual-frequency GPS weekly jump detection method based on dynamic update testing [J]. Journal of Kunming University of Science and Technology (Natural Science Edition), 2023,48(05):66-77.</p>		
Activities in specialist bodies over the last 5 years	not have		

Staff Handbook-Xia Qiaoli

Please fill out and submit one table per person.

Name	Xia Qiaoli		
Post	Professor of Civil Engineering		
Academic career	Master degree (subject)	Institution	Year
	Engineering Management	Yunnan University	2025
	Undergraduate degree (subject)	Institution	Year
	Civil Engineering	Kunming University of Science and Technology	2008
Employment	Full-time teachers	Yunnan College of Business Management	Since 2008
Research and development projects over the last 5 years	<p>1.2018.03-2019.11, Research on the Application of BIM+Prefabricated Technology in Practical Teaching of Civil Engineering Specialty Group at Applied Undergraduate Institutions, Yunnan Provincial Department of Education Project, Principal Investigator, Completed;</p> <p>2.2022.07-2023.06, Research on the Improvement of Teachers' Competence in Architecture Majors to Adapt to New Industry Forms in Private Colleges and Universities, China Private Education Association Project, Hosted, Completed;</p> <p>3.2020.07-2023.06, School-level Key Specialty Construction: Civil Engineering, Yunnan College of Business Management Project, Hosted, Completed;</p> <p>4.2021.10-2022.11,2021 Undergraduate Course Ideological and Political Education Demonstration Project-Mechanics of Materials, Yunnan College of Business Management, Project Leader, Completed;</p> <p>5.2022.04-2023.07,2022 Student Research: Application of BIMVR Technology in Construction Site Layout, Yunnan College of Business Management, supervised by a faculty advisor, completed;</p> <p>6.2022.06-2023.07,2022 Curriculum Ideological and Political Education Reform Project: Practice of Ideological and Political Reform of "Mechanics of Materials" Course under the Background of New Engineering, Yunnan College of Business Management, Host, Completed;</p> <p>7.2023.01-2024. December 2023: Completed the demonstration course project for ideological and political education in undergraduate programs at Yunnan College of Business Management, titled "Roadbed and Pavement Engineering", as the principal investigator.</p> <p>8.2023.01-As of now, the 2023 self-compiled textbook project: Introduction to Prefabricated Construction, Yunnan College of Business Management, under research.</p>		
Industry collaborations over the last 5 years	Construction safety personnel training, cooperative enterprise: Yunnan Construction Registration Examination Center		
Patents and proprietary rights	Xia Qiaoli, a practical construction scaffold with adjustable features, utility model, application number: ZL 201822184717.2, authorization number:		

	<p>CN209426809U, granted on September 24,2019.</p> <p>Xia Qiaoli, a utility model for a concrete mixing supply device in civil engineering construction, with application number ZL 201822180360984.2 and authorization number CN209362302U, granted on September 10,2019.</p>
Important publications over the last 5 years	<p>give total number :1</p> <ol style="list-style-type: none"> 1. Xia Qiaoli, September 2022, Research on Application of Prefabricated Building Technology in the Context of New Engineering, Northwestern Polytechnical University Press, ISBN: 978-7-5612-8376-9, sole author, 299,000 words; 2. Xia Qiaoli, July 2021, "Innovative Reform of Practical Teaching in Civil Engineering Major Based on BIM Technology under the New Engineering Background", Modern Economic Information, ISSN: 1001-828X, First Author, 3600 words; 3. Xia Qiaoli, July 2021, Analysis of Key Points in Slope Support Technology for Civil Engineering Construction, Modern Decoration, ISSN: 1003-9007, First Author, 3900 words; 4. Xia Qiaoli, 2021.09, "Research on Teaching Models for Applied Undergraduate Civil Engineering Programs in the New Engineering Era", New Materials & New Decoration, ISSN: 1671-9344, First Author, 3850 words; 5. Xia Qiaoli, September 2021, "BIM Industry-Academia-Research Collaboration Practices and Innovations in the New Engineering Concept", Global Market, ISSN: 1005-9644, First Author, 3800 words; 5. Xia Qiaoli, September 2021, "BIM Industry-Academia-Research Collaboration Practices and Innovations in the New Engineering Concept", Global Market, ISSN: 1005-9644, First Author, 3800 words; 6. Xia Qiaoli, 2022.08, Analysis of Green Building Technology and Applications in Civil Engineering, Sichuan Building Materials, ISSN: 1672-4011, sole author, 4500 words; 6. Xia Qiaoli, 2022.08, Analysis of Green Building Technology and Applications in Civil Engineering, Sichuan Building Materials, ISSN: 1672-4011, sole author, 4500 words; 7. Xia Qiaoli, November 2022, Application of BIM Technology in Quality Management of Prefabricated Building Construction, Metallurgical Management, ISSN: 1005-6726, sole author, 7,400 words; 8. Xia Qiaoli, February 2023, Research on Adaptive Design and Rapid Construction Technology for Prefabricated Container Buildings, Science and Technology Innovation and Application, ISSN: 2095-2945, First Author, 5500 words.
Activities in specialist bodies over the last 5 years	Member of the Teaching Steering Committee for Civil Engineering, Yunnan Province (2022-present)

Staff Handbook-Jin Zhihui

Please fill out and submit one table per person.

Name	Jin Zhihui		
Post	Professor of Civil Engineering		
Academic career	Master degree (subject)	Institution	Year
	Landscape Plants and Ornamental Horticulture	Southwest Forestry University	2010
	Undergraduate degree (subject)	Institution	Year
	Landscape Engineering	Guizhou Normal University	2007
Employment	Full-time teachers	Yunnan College of Business Management	Since 2010
Research and development projects over the last 5 years	<p>1.2020.11-2021.12,2020 Annual School-level Curriculum Reform Project, Yunnan College of Business Management, Hosted, Completed.</p> <p>2.2021.10-2022.05,2021 Annual School-level Cloud Textbook Curriculum Reform Research Project, Yunnan College of Business Management, Hosted, Completed.</p> <p>3.2023.07-2024.12. "Specialization and Innovation Integration" Demonstration Course. Hosted by Yunnan College of Business Management. Completed.</p> <p>4. January 2023 to present: Leading undergraduate course development project at Yunnan College of Business Management, Principal Investigator, Ongoing.</p>		
Industry collaborations over the last 5 years	not have		
Patents and proprietary rights	<p>1. Jin Zhihui, Rectangular Frame Column Horizontal Truss Reinforcement Steel Cage for Seismic Resistance, Utility Model, Application No.: 201621170076.X, Authorization No.: ZL201621170076.X, 2017-12-08;</p> <p>2. Jin Zhihui, Modular Reinforcement Cage for Prefabricated Building Components, Invention Patent, Application No.: 2016101331424.4, Grant No.: ZL201610133142.4, 2018-08-24;</p>		
Important publications over the last 5 years	<p>give total number :5</p> <p>1. Jin Zhihui, September 2020, "Four-Part Implementation of Ideological and Political Education in Civil Engineering's Standardized Construction Drawing Course", Journal of Yunnan College of Business Management, sole author;</p> <p>2. Jin Zhihui, December 2021, Innovative Teaching Design for Reinforcement Calculation and Plain Drawing Recognition, Journal of Yunnan College of Business Management, sole author;</p> <p>3. Jin Zhihui, March 2023, Case Study on Ideological and Political Education in Curriculum: The Evolution of Pingfa Innovation, Journal of Yunnan College of Business Management, sole author;</p> <p>4. Jin Zhihui, May 2024, "Piping and Reinforcement Quantity Estimation",</p>		

	Northwest University Electronic Press, First Editor; 5. Jin Zhihui, April 2025, "Piping Diagram Recognition and Reinforcement Training", Harbin Institute of Technology Press, First Editor.
Activities in specialist bodies over the last 5 years	not have

Staff Handbook-Niu Laichun

Please fill out and submit one table per person.

Name	Niu Laichun		
Post	Professor of Civil Engineering		
Academic career	Master degree (subject)	Institution	Year
	Landscape Plants and Ornamental Horticulture	Yunnan Agricultural University	2008
	Undergraduate degree (subject)	Institution	Year
	Landscape Engineering	Yunnan Agricultural University	2003
Employment	Full-time teachers	Yunnan College of Business Management	Since 2019
Research and development projects over the last 5 years	<p>1.2019.03-2020.05 Hosted the Ministry of Education Collaborative Talent Development Project: Construction of BIM Application Practice Base and Practical Facilities for Architecture Majors (Project No.: 201802132039);</p> <p>2.2021.10-2023.12 Hosted the 2021 Teaching Development and Reform Project at Yunnan College of Business Management: "Highway Engineering Cost Estimation" Cloud Textbook Project</p>		
Industry collaborations over the last 5 years	not have		
Patents and proprietary rights	An auxiliary device for slope construction work, Patent No.: CN201921019312.1, 2020.03		
Important publications over the last 5 years	<p>give total number :1</p> <p>In May 2024, the monograph "Information Technology and Intelligent Solutions for Highway Maintenance Management" was published.</p>		
Activities in specialist bodies over the last 5 years	not have		

Staff Handbook by Tan Xiaojun

Please fill out and submit one table per person.

Name	Tan Xiaojun		
Post	Associate Professor, Civil Engineering		
Academic career	Master degree (subject)	Institution	Year
	Civil Engineering (Disaster Prevention and Mitigation)	Kunming University of Science and Technology	2019
	Undergraduate degree (subject)	Institution	Year
	Civil Engineering (Underground Engineering)	Guangzhou University	2013
Employment	Position	Employer	Period
	Professional leader, full-time teacher	Yunnan College of Business Management	July 2019-present
	Full-time teachers	Yunnan Engineering Vocational College	August 2018-March 2019
	planner	Yunnan Construction Engineering Group Co., LTD	July 2013-August 2014
Research and development projects over the last 5 years	Safety standardization on-site management public welfare training, partner: Yunnan Lihua Engineering Co., LTD		
Patents and proprietary rights	A steel structure wall connection structure, 2023		
Important publications over the last 5 years	(give total number):2 Tan Xiaojun, Numerical Simulation and Analysis of an Integrated Mobile Medical Building Using the Finite Element Method, International Conference on Integrated Intelligence and Communication Systems (ICIICS) 2023 Tan Xiaojun, Reform and Innovation of Ideological and Political Education in Concrete Structure Design Principles Course under the Background of New Engineering, China Science and Technology Journal Database ISSN: 1671-5780		
Activities in specialist bodies over the last 5 years	not have		

Staff Handbook-Wang Hao

Please fill out and submit one table per person.

Name	Wang Hao		
Post	Associate Professor, Civil Engineering		
Academic career	Master degree (subject)	Institution	Year
	engineering management	Yunnan University	2022
	Undergraduate degree (subject)	Institution	Year
	Exploration Technology and Engineering	Southwest Petroleum University	2013
Employment	Position	Employer	Period
	Full-time teachers Geologist	Yunnan College of Business ManagementXinjiang Guanglu Energy Technology Co., LTD	June 2016 to present July 2013-June 2016
Research and development projects over the last 5 years	not have		
Industry collaborations over the last 5 years	not have		
Patents and proprietary rights	not have		
Important publications over the last 5 years	give total number :1 Wang Hao, Key Construction Techniques and Quality Control Measures for Large-Diameter Rotary Pile in Building Engineering: A Case Study of Phase II of the Northeast Sichuan Financial Center, Real Estate World, 2024, (05):122-124.		
Activities in specialist bodies over the last 5 years	not have		

Staff Handbook-Li Tao

Please fill out and submit one table per person.

Name	Li Tao		
Post	Associate Professor, Building Materials Engineering		
Academic career	Master degree (subject)	Institution	Year
	material science	Kunming University of Science and Technology	2014
	Undergraduate degree (subject)	Institution	Year
	Materials Science and Engineering	Kunming University of Science and Technology	2010
Employment	Position	Employer	Period
	Professional leader, full-time teacher	Yunnan College of Business Management	June 2014-present
Research and development projects over the last 5 years	1. The second batch of new engineering practice projects of the Ministry of Education, December 2018-November 2023,1.2 million 2. Engineering Research Center of Yunnan Provincial Universities, March 2020-December 2024,1.2 million		
Industry collaborations over the last 5 years	Online Monitoring System Technical Solution for Huafen Tailings Reservoir, Yunnan Xinye Group Logistics Co., Ltd. 50,000		
Patents and proprietary rights	A measuring tool for construction project management, 2017 A lifting device for construction engineering, 2020		
Important publications over the last 5 years	give total number :1 Li Tao, Research on New Building Materials and Construction Engineering Economics, China Federation of Industry and Commerce Press, October 2023		
Activities in specialist bodies over the last 5 years	not have		

Staff Handbook-Wang Baihui

Please fill out and submit one table per person.

Name	Wang Baihui		
Post	Associate Professor of Engineering Hydrology		
Academic career	not have	Institution	Year
	Master degree (subject) irrigation works	Kunming University of Science and Technology	2019 Year
	Undergraduate degree (subject)	Institution	2009
	Hydrology and Water Resources Engineering	Kunming University of Science and Technology	
Employment	Position	Employer	Period
	Full-time teachers	Yunnan College of Business Management	January 2020 to present
Research and development projects over the last 5 years	not have		
Industry collaborations over the last 5 years	not have		
Patents and proprietary rights	not have		
Important publications over the last 5 years	give total number :1 Wang Baihui, Water Conservancy Project Management and Hydrology and Water Resources Construction-Original, China Federation of Industry and Commerce Press, November 2023		
Activities in specialist bodies over the last 5 years	not have		

Staff Handbook-Huang Donghong

Please fill out and submit one table per person.

Name	Huang Donghong		
Post	Hydropower Engineering Associate Professor		
Academic career	Master degree (subject)	Institution	Year
	public works	University Of Chongqing	2018
	Undergraduate degree (subject)	Institution	Year
	Water Supply and Drainage Science and Engineering	University Of Chongqing	2015
Employment	Position	Employer	Period
	Professional leader, full-time teacher	Yunnan College of Business Management	November 2019-present
	designer	Yunnan Urban Construction Design Institute Co., LTD	June 2018-July 2019
Research and development projects over the last 5 years	<p>Systematic Research on the Identification, Integration, and Application of Ideological and Political Elements in the Hydraulic Course, June 2022-June 2024</p> <p>Teaching Reform and Practice of Environmental Ecology Course under the Background of Ecological Civilization Construction, January 2024 to present</p> <p>Hydraulic Cloud Teaching Material Project, October 2021-July 2024;</p> <p>Hydraulics Course Ideological and Political Demonstration Course Project, October 2021-October 2022;</p> <p>Hydroelectric School Curriculum Reform Research Project, October 2020-May 2022.</p>		
Industry collaborations over the last 5 years	not have		
Patents and proprietary rights	not have		
Important publications over the last 5 years	<p>give total number :2</p> <p>Huang Donghong, "Exploration and Practice of Ideological and Political Education in the 'Hydraulics' Course of Water Conservancy and Hydropower Engineering", Forum on Ideological and Political Education (Proceedings), February 2024</p> <p>Huang Donghong, 2024 IEEE 3rd International Conference on Electrical Engineering, Big Data and Algorithms, 2024.03</p>		

Activities in specialist bodies over the last 5 years	not have
---	----------

Staff Handbook-Guo Shengjuan

Please fill out and submit one table per person.

Name	Guo Shengjuan		
Post	Senior Architectural Engineer		
Academic career	baccalaureate	North China University of Water Resources and Electric Power	2004-2008
	master's degree	Guizhou University	2018-2011
Employment	construction engineer	Yunnan Design Institute Group	2011.7-2016.5
	Technical Lead	Yunnan Water Investment Co., LTD	2016.6-2022.8
	Full-time teachers	Yunnan College of Business Management	December 2023 to present
Research and development projects over the last 5 years	<p>Yuxi municipal solid waste incineration power generation project</p> <p>Sewage incineration power project in Surabaya, Indonesia</p> <p>Fujian Pingtan domestic waste incineration power plant</p> <p>Dali City fourth water plant renovation and expansion and pipe network project</p> <p>Shuanglang Town Water Supply Project, Dali City</p>		
Industry collaborations over the last 5 years	not have		
Patents and proprietary rights	Patent: A grouted steel pipe anchor rod capable of applying prestress, 2022		
Important publications over the last 5 years	<p>give total number :1</p> <p>Application of Rear Support Method in Foundation Pit Support. Chongqing Architecture, 2021.3</p> <p>Application of Reinforcement Materials in Compacted Earth-rock Dams in Narrow Sites. Yunnan Architecture, 2021.4</p> <p>Design of high fill foundation treatment. Geotechnical Foundation, 2021.4</p> <p>Foundation treatment method for upper weak soil layer and lower liquefied soil layer in a project. Geotechnical Foundation, June 2021.</p> <p>Architectural Design of a Counterforce Wall System in a University Laboratory, Yunnan Province, Yunnan Architecture, 2020.6</p>		
Activities in specialist bodies over the last 5 years	United Front Work Department of the CPC Anning Municipal Committee, United Front Work Expert, 2025-2027		

Staff Handbook-Yang Xu

Please fill out and submit one table per person.

Name	Yang Xu		
Post	Civil engineering, lecturer		
Academic career	Master's degree	Institution	Year
	Architecture and Civil Engineering	Southwest Jiaotong University	2021
	Bachelor's degree	Institution	Year
	Civil Engineering	Kunming University of Science and Technology	2018
Employment	Bridge Engineer, China Railway Siyuan Survey and Design Group Southwest Company, July 2021 - October 2022 2021.07—2022.10		
	Teacher, Yunnan College of Business Management, October 2022 – Present 2022.10		
Research and development projects over the last 5 years	Kunming City Third Ring Closure Project (West Third Ring Bridge Engineering), September 2021 - February 2022 2021.09 - 2022.02;		
	New Railway Dedicated Line Project (Bridge Engineering), July 2022 - October 2022 2022.07-2022.10;		
	Digital Textbook Project for Bridge Engineering, March 2024 - April 2025 2024.03-2025.04;		
	2025 Yunnan Provincial Department of Education Scientific Research Fund Project 2025, March 2025 - Present 2025.03 to date		
Industry collaborations over the last 5 years	None		
Patents and proprietary rights	None		
Important publications over the last 5 years	give total number :1		
	Author(s) Xia Song; Chen Liu; Yang Xu		
	Application of Ultra-High Performance Concrete (UHPC) in Bridge Deck Systems: Research Progress in 2020 ,Journal of Civil and Environmental Engineering (Chinese & English Edition), Vol. 43, No. S1, pp. 175-184		
Activities in specialist bodies over the last 5 years	None
